SUMMARY

Master's student in Data & AI (Eugenia School), specializing in CRO, marketing automation and digital performance analysis. Experience in B2B marketing, corporate communications, and SME management.

PROFESSIONAL EXPERIENCE

CRM Marketing Project Manager – Work-Study | Arval (BNP Paribas), Paris | Sept. 2025 – Present

- Management of B2B relational campaigns (30,000+ clients) and A/B tests (emails, newsletters): loyalty, segmentation, personalization and product launches via Oracle Eloqua.
- KPI analysis (open rate, click rate, engagement) and monthly/annual reporting via dashboards and slides; conversion lever optimization and website analysis (Piwik).

Junior Corporate Advertising Manager – Work-Study | SNCF Group, Paris | Sept. 2024 – Aug. 2025

- End-to-end management of the European Heritage Days 2025 digital campaign: brief, production, multi-channel deployment and performance analysis with media buying agency coordination.
- Media audience analysis, reporting (5 Group entities) and production of strategic recommendations for internal decision-makers.

Technical Assistant – Work-Study | Groupe Confiance (Real Estate Developer) | Sept. 2022 – Aug. 2024

- Operational coordination of new residential deliveries: planning, contractor management, client relations and implementation of an after-sales tracking dashboard (issues, interventions, Excel reporting).
- Personalized customer experience management for apartment customization.
